# EXCURSIONS

Take the opportunity to discover the highest active volcano in Europe during your stay in Catania.

## MT. ETNA MORNING TOUR

Our Mt Etna Morning tour is the perfect way to visit the Volcano during an half day trip. Recommended for everyone and for the ones who prefer to spend the afternoon in another way.

*The excursion will take place in Italian and English.*

**Price: 55 Euros per person**

*Departure is subject to a minimum of 2 bookings.*

- **Start.** One of Altai's expert naturalistic guides will pick you up at 9:00 a.m. from your hotel in Catania or from an agreed meeting point, to take you aboard one of our 8-seater vehicles (jeep or minivan).
- Your guide will lead you along a **beautiful naturalistic path**, while explaining the origins of our volcano. You will visit some **ancient craters** surrounded by an evocative lunar landscape.
- **Explore the lava caves of Etna.** You will visit a cave of volcanic origin using the equipment that we provide (helmets and torches). The visit to the cave is not made in case of significant snowfall or presence of ice at the entrance that would make the entrance dangerous.
- **Snack.** During the tour there will be a stop for a delicious snack based on typical products and a good glass of red wine. The snack can vary with arancini, pizza or sandwiches depending on organizational needs.
- **Come back.** The Mt. Etna Morning Tour tour will finish at 2.30-3.00 pm, when you will be back to Catania.
